ERRATUM

Erratum to: The Magnetic Helicity Budget of a CME-Prolific Active Region

**L.M. Green[1] · M. López Fuentes[2] · C.H. Mandrini[2,3] ·
P. Démoulin[4] · L. van Driel-Gesztelyi[1,4,5] · J.L. Culhane[1]**

**Erratum to: Solar Phys (2002) 208: 43 – 68
   DOI 10.1023/A:1019658520033**

Typographical errors (a factor of 2 and the initial term in the summations) were present
in Equations (10) and (11) of Green *et al.* (2002); these were corrected in Mandrini *et al.*
(2005) and Poisson *et al.* (2015). The correct expressions are:

$$H_{\mathrm{r}} = \alpha \sum_{n_x=0}^{N_x} \sum_{n_y=0}^{N_y} \frac{|\widetilde{B}_{n_x,n_y}^2|}{l(k_x^2 + k_y^2)}, \tag{1}$$

and

$$H_{\mathrm{r,lin}} = \alpha \sum_{n_x=0}^{N_x} \sum_{n_y=0}^{N_y} \frac{|\widetilde{B}_{n_x,n_y}^2|}{(k_x^2 + k_y^2)^{3/2}}, \tag{2}$$

where the harmonics $(n_x, n_y) = (1, 0)$ and $(0, 1)$ are included, and the mode $(n_x, n_y) =
(0, 0)$, representing a uniform field, has no contribution ($\widetilde{B}_{0,0}$ is set to zero).
