

April 25th 1957.

Dr. Samuel Gurin
University of Pennsylvania
Dept. of Biochemistry
PHILADELPHIA 4 - U.S.A.

Dear Dr. Gurin:

Thanks for you letter of March 29th and kind invitation to lecture at the Medical School which I shall be glad to do. The lecture is entitled "Uridine Nucleotides and Carbohydrate Metabolism".

My plan is to go to Washington first and arrive in Philadelphia on Thursday 23rd May. The hours you mention fall in very nicely with my arrangements.

Please forgive my delayed reply to your letter. Looking forward to seeing you, kind regards,

Sincerely,

Luis F. Leloir.

LFL/vm.
