Dr. Luis F. Leloir  
Instituto de Investigaciones Bioquimicas  
Fundacion Campomar  
Julian Alvarez 1719  
Buenos Aires, South America

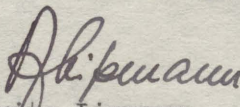

Dear Dr. Leloir:

I had already received some word from Boston about your negative answer, which is now confirmed directly in your letter. I am truly sorry, but can see the difficulties in your decision to leave your country. I hope that there will now be a strong effort to give you the facilities which you so truly deserve.

In my previous letter, I forgot to mention that Dr. Ochoa sent me the preparations which you left with him and which we will make use of as soon as we really start working here. I have been a little disappointed with the slowness of the completion of the laboratory and it will take a month or two until we are rid of the last workman. However, it will be a fine laboratory and we like it very much here.

With best regards, I am,

Yours sincerely,

  
Fritz Lipmann
