Dear Doctor Leloir:

I am delighted to have your acceptance of my invitation to Philadelphia. May I ask you to be in Philadelphia on May 24th some time before noon, and then spend the weekend with us in my home. For your lecture in New York you might either leave (preferably for us) in the morning of May 27th, or if you wish, in the afternoon of May 26th.

Could I persuade you to give a talk at the University on Friday, May 24th?

Looking forward to seeing you in Philadelphia on May 24th, I am with best personal regards

Very sincerely yours,

Paul György, M.D.
