

FIGURED AND REFERRED INVERTEBRATE FOSSILS TRANSFERRED
FROM ZINSMEISTER TO THE MUSEO ARGENTINO DE CIENCIAS
NATURALES B. RIVADAVIA

CLAUDIA DEL RÍO

Museo Argentino de Ciencias Naturales B. Rivadavia, División de Paleoinvertebrados (MACN-pi),
A. Gallardo 470, Buenos Aires 1405, Argentina, <cdelrio@macn.gov.ar>

THE PAPER *Revision of the Large Pectinids (Mollusca: Bivalvia) of Eastern Santa Cruz and Chubut Provinces (Patagonia: Argentina)* by Claudia del Río (Journal of Paleontology 78:690–699) includes descriptions of material collected by Dr. William Zinsmeister in Patagonia (Argentina) and having catalog numbers pertaining to his personal collection, then housed in the Department of Earth and Atmospheric Sciences (Purdue University, Indiana, U.S.A.). Part of that material has since been donated to the Museo Argentino de Ciencias Naturales B. Rivadavia, División de Paleoinvertebrados (MACN-pi), Buenos Aires, Argentina. New repository information is as follows:

	Published catalog number	New catalog number MACN-pi
<i>Reticulochlamys zinsmeisteri</i> del Río, 2004	309	5338
